S. no	Section	Query	NWI Response
1	Description of batch numbering system	Please provide the Batch Numbering System SOP.	Batch Numbering System SOP provided in Annex-1
2	Description of Manufacturing Process And Process Controls	Using the document: P3.2 Description of Manufacturing Process And Process Controls, please include the proposed holding time for each process and accompanied by relevant supportive data.	Hold time data not available for this product, kindly submit dossier without hold time data.
3	Specification(s) of Drug Product	Using document: P5.1 Specification(s) of Drug Product, please indicate clearly the release and stability indicating parameters.	Section P5.1 Specification(s) of Drug Product provided with release and stability indicating parameters in Annex-2
4	Analytical Procedures	Please submit a copy of compendial monographs for analytical procedures: Identification by UV Spectrum in PDA, Identification by HPLC, Uniformity of weight, Disintegration time, Uniformity of Dosage Units by HPLC, Dissolution of HPLC, Related substance by HPLC, Assay by HPLC.	Please find the compendial monographs of general chapter and Product monograph for analytical procedures in Annex-3 .
5	Validation of Analytical Procedures	Please submit the validation of analytical procedures for Microbial Examination Test.	Validation of analytical procedures for Microbial Examination Test provided in Annex-4 .
6	Container Closure System	Please submit declaration of compliance for the primary and secondary packaging.	Draft declaration of compliance for the primary and secondary packaging material provided in Annex-5 . Please check and confirm.
7	Stability Summary and Conclusions	Using the document: P8.1 Stability Summary and Conclusions, 1. Please provide summary and conclusion of the stability studies, stress studies, storage condition. 2. Please include the stability information such as batch number, date of manufacture, container closure system.	Updated section P8.1 Stability Summary and Conclusions provided in Annex-6 .
8	Post-approval Stability Protocol and Stability Commitment	Using the document: P8.2 post approval stability protocol and stability commitment, please include the statement in page 1: . If any results fall outside of the retest / shelf-life specifications, these should be reported together with the proposed action.	Updated section P8.2 post approval stability protocol and stability commitment, provided in Annex-7 .
